

DALY CITY POLICE APPREHEND TWO "DEAD-END KIDS"

Pair Admits Robberies At Two Local Stores

Two young San Francisco boys—15 and 13 years old—who had been planning and carrying out burglaries for about a month and a half, confessed, Monday, to the recent robberies of Joe's Market and Sordeli and Raffo's, and to an attempt to break into Daly City Cut Rate Market.

Police Chief James G. Reardon, after a week's investigation, apprehended the boys when they made the mistake of selling some of the cigarettes they had stolen from Joe's Market in bars and on Daly City streets. They were picked up in San Francisco.

Reardon questioned the boys from 9 a. m. to 1 p. m. Monday before they admitted their guilt. No other persons were involved by their confession.

Immediately afterward they were taken to the Juvenile Home in Redwood City.

"I suspected that it was an out-of-city job," said Reardon. "The boys confessed that they had committed two burglaries in San Francisco before those in Daly City."

"It seems that they had been planning burglaries for about a month and a half."

The biggest haul made by the two boys was from Joe's Market, \$35 in cash and a bag full of cigarettes and gum.

Gamblers Use Colma Barber Shop For "Front"

With a Colma barber shop acting as "front" four men were running a gambling resort on San Pedro Road. Over a period of time Daly City police grew suspicious, seeing an unwarranted number of persons going into the barber shop.

Friday night, Chief James G. Reardon and three other officers broke down four doors and surprised thirty people engaged in gambling with dice.

Four men who vaguely called themselves "employees" were arrested—Primo Venturi and Jack Fox, both of San Francisco, and Louis Palletti and Louis Giusti, both of Colma.

The four men were placed under a cash bail of \$250 each. The dice table was seized by police as evidence. The men will come up for trial, Friday. Two hundred dollars in cash was appropriated in the raid.

Police making the raid were W. W. Sunderland, Rico Benedetti, J. Kusber, and Chief J. G. Reardon.

City Council Takes Steps To Call For Bond Election

Preliminary steps were taken, Monday evening, by the Daly City council toward calling the bond election envisaged and suggested by the Daly City Fire department.

A resolution was unanimously passed that the public interest and necessity demand the modernization of the fire department. The resolution also stated that the city could not be expected to pay for this modernization with the ordinary annual income and revenue of Daly City.

Plans for the improvement and an outline of costs were contained in a report given the city council by the Daly City Board of Fire Commissioners.

In general the improvement plan included the modernization of the fire department plant, the elaboration of housing facilities, the extension and improvement of the signal system, the replacement of worn and obsolete equipment, and the purchase and construction of new and additional fire equipment.

Detailed information concerning where the money spent for this purpose will go and in what way the city will be benefitted will be published in the near future, according to A. P. Chesney, fire chief.

Firemen Complete Plans For Gala Dance

Plans for the Old Timers' Dance, to be given by the Daly City Fire department, Saturday, May 10, at Colombo hall, Colma, are progressing in good shape, according to Fire Chief A. P. Chesney. This is the seventh annual ball given by the local firemen.

All the committees in charge of arrangements for the affair have reported, and, according to fire officials, the dance will be one of the best held in years.

Funds raised by the dance are to be used to support the Widows and Orphans association of the local fire department. Tickets may be procured from any of the local firemen.

Disaster in the form of a fire fed by exploding gasoline tanks gutted the barn shown above, early Monday morning. The structure was on property a few blocks outside the Daly City boundaries. The Daly City Fire department succeeded in saving a cottage threatened by the flames.

The fire was the first to call out the local fire department since January. Thirty men answered the call.

Now, it is not good to be late in the army, especially if you are but a draftee. Twenty minutes before time to leave, Friday morning, everybody had reported at the local draft office except D'Amico. After they had taken the street car to San Francisco he

Early Morning Blaze Calls Out Five Fire Groups

Called to the first fire in this vicinity since January, Daly City Fire Companies Nos. 1, 3, 4 and 6, and the Colma volunteers hurried into their clothes at 3:45 a. m. Monday. A two-story barn and six or seven one-story sheds were ablaze on the Ferretti Ranch, two blocks outside Daly City limits. The light in the sky aroused many Daly City people in the cold morning hours, and a considerable crowd gathered.

The barn, leased by Chinese farmers, was gutted. The fact that it contained ten cylinders of butane gas made it difficult to fight the fire effectively.

The alarm had been put in after the fire was well under way. Those who turned in the alarm skipped two alarm boxes in their search, thus delaying the call.

The loss was estimated by Daly City Fire Chief A. P. Chesney as between \$8000 and \$10,000.

"Although the fire was outside the city limits," said Chesney, "the blaze threatened the Peninsula sanitarium nearby, so it was the duty of the fire department to take care of the conflagration."

Twelve hundred feet of 2½-inch hose was used to fight the fire. After three companies were in action, a special call was made for Company 4, which was in possession of a pumper. About thirty firemen were used to keep the fire under control.

The men were under the direction of Fire Chief A. P. Chesney and Battalion Chief Elmer Kennedy.

Reopen Recreation Program At Pershing

With the return of Mrs. Clara Mitchell, leader in the Daly City WPA Recreation department, General Pershing school will again be open for recreation.

The grammar school children will have the opportunity to study crafts, play outdoor games, checkers, chess, ping pong, and other games, at the school, according to an announcement by Bruce Boynton, director of the Daly City WPA Recreation department.

A further recreation revival is the semi-monthly dances at General Pershing school. These will be held on the first and third Fridays of each month. The dances are for children of grammar school age.

Hilltop Lodge climbed over Bank of America and Hammar's Station to take second position by a few percentage points. Hilltop tripped the Independents for three games in the credit column, during which Linhares rolled a 256 game and a 654 series.

Council To Study Establishment Of Commission

In response to a suggestion by Bruce Boynton, Daly City WPA Recreation director, that Daly City have a regularly established Recreation commission, members of the Daly City Council have promised to take the question under advisement.

Boynton made the suggestion at a meeting of the council and the recreation committee, Friday night. He pointed out that the city's recreation facilities would be much less precariously established if a recreation committee, constituting a part of the city government, was created.

He gave each of the councilmen a copy of a recent South San Francisco ordinance creating such a commission in that city.

COUNCIL MEETS

defense in Daly City was adopted unanimously by the council. The Emergency Council will now go ahead with plans for creating a system in Daly City for relief and general welfare, and report periodically to the city council on its progress. Suggestions made by the Emergency Council will be incorporated into the ordinance.

The Disaster plan now consists of about a dozen large charts with outlines of the various city departments, and the duties and responsibilities of individuals in them if disaster strikes.

Principally responsible for the creation of the plan are Arthur J. Bodien, Andrew P. Chesney, and James G. Reardon.

Other business included a resolution charging all Daly City persons with weeds growing in their yards, or in the sidewalks and streets in front of their houses to remove them as a fire and health menace.

The resolution states that if any persons refuse to remove the weeds, the city will charge them the expense of removing them. Monday, May 26, is the date that any persons objecting to this resolution may voice their opinions at a meeting of the city council in the city hall at 8 p. m.

In order to realign Rhine and Bepler streets, parts of these streets have been ordered closed by the council.

Mayor John J. Fahey reported that the next meeting of the members of the League of Municipalities—including the mayors of all the cities from San Francisco to San Jose—will be held in Daly City, June 19.

ers on a replica of the Unknown Soldier's grave.

The procession will have as one of its most spectacular features the massing of the colors by school children and members of veterans' posts.

A firing squad from the regular army will fire the memorial salute at the park.

Along with the boy scouts, R. L. Crane jr. has arranged that the girl scouts join the parade. Crane has added his support to the program committee, as has James Ferguson, principal of Jefferson high school. Ferguson has planned to have the high school glee club sing at the Vista Grande park services.

As part of the one hundred mounted men in the parade, the San Mateo County Sheriff's Posse will wear new two-tone uniforms.

The members of Old Glory Post and Auxiliary No. 2044, V. F. W., in a message to the public, said that every mother, father and child should parade with a small flag in memory of the veterans who died in the last war to make the present peace in America possible.

Harold Lang Scores In Opera Ballet Program Before Enthusiastic Audiences

When the San Francisco Opera Ballet gave its two performances at the War Memorial Opera House last week it established itself without doubt as one of the most talented and beautiful ballets on the American stage today.

Saturday evening's audience was especially enthusiastic. Cheers resounded when its presentation of "Coppelia" was concluded. No less than a dozen curtain calls gave additional proof that the company had scored a memorable triumph.

For the Daly City ballet enthusiast it was no small gratification to see Harold Lang, son of Mr. and Mrs. A. N. Lang, 14 Alp street, in highly commendable performances both as soloist and member of the corps de ballet. In "Swan Lake," presented Thursday evening, Lang had the solo part of Benoit.

On Saturday evening's program, Lang had a featured role as one of the members of the wedding party in "And Now the Brides," clever and amusing ballet satire. In "Coppelia" he was one of the spirited peasant boys and he also did a solo bit as the drummer in the automaton scene.

The San Francisco Opera Ballet has been on tour during the past six months and has won acclaim for its youth, beauty, grace and skill throughout the entire country. It will return to the Opera House stage next January for a five-day engagement. It is expected to draw capacity audiences.

Funeral services under the auspices of his lodge were held, Friday evening, at 8 p. m. from the W. C. Lasswell company chapel. Other funeral services were conducted early Saturday afternoon with cremation at Cypress Lawn Memorial park.

Legion Plans

"Come of Age" Program

Cooperating with the central American Legion authority of the county, Daly City Post No. 410 will take part in a "Come of Age" program in Burlingame, Sunday, May 18.

At this program every young man and woman at the meeting who has reached the age of 21 between May 10, 1940 and May 11, 1941 will receive a certificate, acknowledging their "coming of age."

The local post is now compiling a list of local people who will be eligible for the certificate. The program will be an ecumene on citizenship and the responsibilities thereto attached.

This is the first time such an observance has been held in this county.

Parents are urged to submit the names of any of their children who have attained their majority to the local American Legion post.

Announce Easy Way To Reach Golden Gate Park

Did you ever try to get from Daly City to Golden Gate park on the street car? It was something like an all-day undertaking, wasn't it? This situation has come to an end, however, and now Daly City park-goers can reach the park in a reasonable length of time.

The Ocean View Improvement association announced last week that it had secured the cooperation of San Francisco in having the No. 10, or Ocean View bus line, extended to Nineteenth avenue and Irving, within one block of the section of Golden Gate park which contains the band course, the lakes, the tea gardens and other favorite beauty spots. Cooperation had been given them in their drive for this transportation improvement by the Ingleside Home Owners, the Parkside Improvement club and the Sunset Improvement association.

Leaders of the Ocean View association pointed out that Daly City people may catch this bus at Sikes and Mission streets, near the county line.

"This improvement should mean a lot to Daly City folks, too," said officials of the group.

Savings Bonds Go On Sale Here Tomorrow

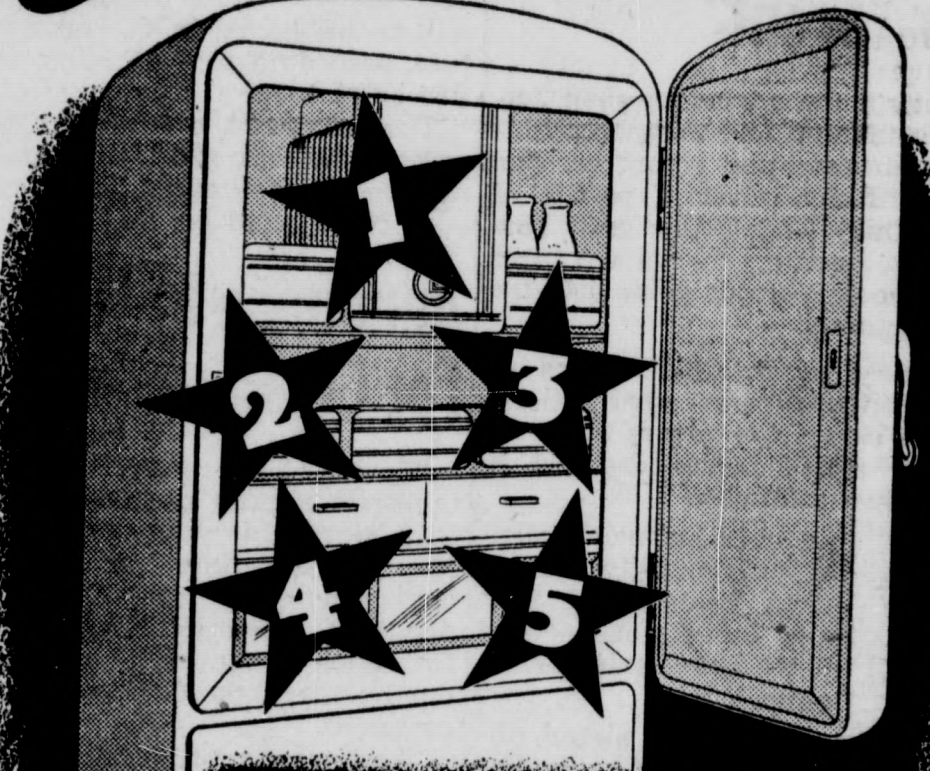

The United States Defense Savings Bonds and Postal Savings Stamps will be placed on sale in both the Daly City and Colma postoffices at the opening of business tomorrow, as part of the national effort to make America impregnable.

Postmaster Frank Micheletti, Colma, and Postmaster Gustav John, Daly City, announced today that plans are completed for this community, along with thousands of others from coast to coast, to do its full part at the opening of the savings program.

The new Defense Savings Bond is similar to the familiar "Baby Bond," of which more than five billion dollars worth have been bought by more than two and a half million Americans since 1935.

A Defense Bond may be purchased tomorrow, or thereafter, for \$18.75. In 10 years this bond will be worth \$25. This is an increase of 33 1-3 per cent, equal to an annual interest return of 2.9 per cent, compounded semi-annually. Any time after 60 days from the date of purchase the bond may be redeemed for cash, in accordance with a table of redemption values printed on the face of the bond.

Campus Fashions

Ensembles hold the center of the spring sartorial stage, so state fashion experts. Ensembles are really worth their weight in gold as they can be changed into entirely new outfits by merely mixing coats or jackets.

Gay printed silks team with plain woolen coats to create the sort of an outfit that fits into any date, whether it be lunch, club meetings or the senior play.

Occasionally, the coats have facings to match the frock, but such a coat isn't very suitable for a limited budget. It can't be interchanged with other costumes.

More adaptable to the school girl budget are coats which simply match the background color of the print but use none of the silk trim.

A darling ensemble, that has just recently been introduced in New York's collegiate fashions, is designed in the new gunmetal shade. Small print shamrocks are daringly placed over the gunmetal background. The coat for dress up is fashioned in gunmetal wool with two large bound button-holes at the neckline. Fashion designers put the over sized button holes in the neckline so a bright green scarf can be drawn up and tied in a droopy bow.

Just 5 feet 6 inches and every bit of it bubbling over with energy and charm is this week's fashion Miss. She's truly a gal for the navy as she appeared with a darling sailor dress of blue and white stripes. On the sleeves were little anchors and stars in red velvet. Her hair is golden blonde and her eyes sky blue.

Dancing and sports of all kinds run a close race for first place as her No. 1 pet like. She dislikes very much to see girls smoke.

As she is just a high freshman her plans for after high school haven't been formed. In case you still are just a wee bit in the dark about this week's campus queen, she is none other than Elizabeth Newton, otherwise known as "BeeBee." So "BeeBee" to you goes this week's fashion bouquet.

Sports

GOLF

Jefferson club men really were rolled over the green last week, as Burlingame completely outclassed them to the tune of 26½ to 9½. The game was held at El Camino.

Swinging for Jeff were: Bob Dyer, Peter Gilsenan, Fred Fazio, Sirafino Ragni, Geno Ottonello, Ed Brisneo, Harland Ferrando and Norman Wiseman. High point men of the day were Wiseman and Ragni.

The P. A. L. golf meet will be held during the week of May 26. The boys hope to place somewhere in the middle.

BADMINTON

Every Tuesday, Thursday and Friday after school, practices for badminton are held on the Jefferson courts. Both boys and girls are invited to participate.

Later on, the physical education teachers hope to start a tournament open to both boys and girls.

VOLLEYBALL

Wednesday periods 1 and 2 played against each other with 1 the victors. Periods 3 and 4 also played with team 3 the winners. Today after school, teams 1 and 3 will have a playoff.

Composing team 3 are: Mary Lou Becker, Shirley Daly, Mary Pasero, Lucille Reardon, Ann Mjehovich, June Smallen, and Marguerite Rogers, captain.

Playing for team 1 are Helen Solo, captain, Alice Godfrey, Josephine De Martini, Jeffera Blam-

dini, Mary Layne, Dorothy Knight and Shirley Johnston.

SWIMMING

Attention all swimming enthusiasts! Put a red check in your date book for May 15. Jefferson is planning a gigantic amateur aquacade to be held at the pool. Admission will be small and you'll truly enjoy yourselves.

Durant Moseley and his stage crew will be in charge of decorations. Marjorie Robinson will handle the making of the programs.

Dante Lembi's Indians of Rhythm will provide the musical part of the show, and Sigfred Hansen's dramatics class will present several skits.

The entire physical education department will be in charge of the swimming. Just a few of the fetes to be presented are swimming and floating formations, life saving and diving.

Don't forget the date—May 15.

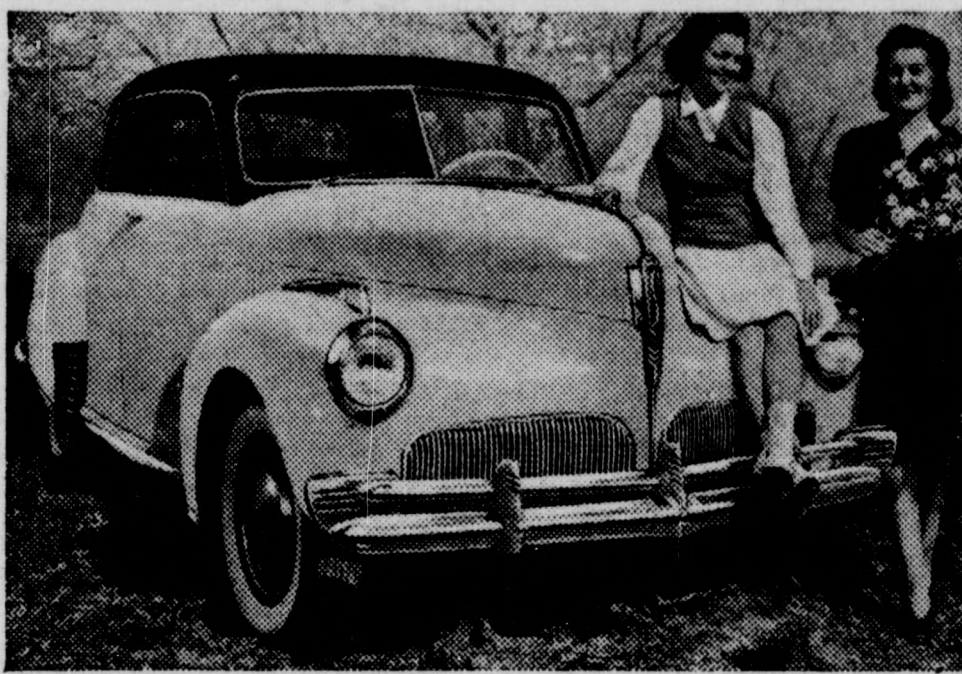

RED CROSS

The third annual Red Cross swimming campaign will be held during the week of June 16. The class will be conducted in the mornings and the time will be announced later. Regular classes will be held in practice swimming and lifesaving.

Miss Juanita Young, physical education instructor, announced they will feature a play period for children between the ages of 3 and 6. These children will be allowed to enter the pool only if one of their parents accompanies them.

"Plans are not entirely completed as to the time of the different classes," stated Miss Young, "but we will announce them in the near future."

Court St. Mary To Elect Officers

Court St. Mary No. 1155, Catholic Daughters of America, will not hold their regular first Thursday of the month whist in May. Instead, they have slated election of officers for tomorrow evening's meeting at Masonic temple.

This change in the monthly program has been made so that Grand Regent Ida Forest could be present for the election. Later in the month she will be representing Court St. Mary at the State convention at Long Beach, May 14, 15, 16 and 17.

Court St. Mary was well represented at the luncheon for Bay area courts given by Court Alameda, C. D. A., Sunday, April 20, at Hotel Oakland. A large class of candidates were received into the order at this event. Present from Daly City were Grand Regent Ida Forest, Vice-Regent Christine Luebker, Azilda Kohlman, Margaret Robertson, Helen McDonough, Christine Michelsen, Agnes Denning, Mary Leal, Miss Daley, Anna Pannella, and Past Grand Regents Helen Rode and Katherine McDermott.

Girl Scout Committee To Meet Friday Evening

When the members of the Daly City Girl Scout Committee meet, Friday evening, at 101 Parkview avenue, at 7:30 p. m., final arrangements for the big camp whist will be made. The women, who sponsor this event once each year, invite everyone to attend the party, May 13, at Theatre hall. Playing will begin at 8:30 p. m.

Proceeds from the benefit whist are used to defray the expenses for a summer camp for Daly City girl scouts. This week the many handsome prizes secured by the committee went on display at A. M. Harrison's show window, 6236 Mission street.

Tickets are on sale at the home of Mrs. George Sorg, ticket chairman, 115 Knowles avenue. They may be purchased from her or from any member of the committee.

Matoaka Council To Give Whist Tonight

Whist, under the auspices of the Past Pocahontases, will be played by members and friends of Matoaka Council No. 18, tonight. The proceeds will be added to the Convention Fund. Cash and merchandise awards will go to the winners. Play will begin at 9 a. m. at Yosemite hall, 110 Page street, San Francisco, according to Mrs. Olive Hoover, 1040 Brunswick street, publicity chairman.

The meeting last Wednesday featured a night in "Old Mexico" at which Matoakans enjoyed the horse races at Agua Caliente, gambling at Tia Juana, and tangy Mexican food. Sisters Pat Schaefer, Marion Welch, Mary D. Hamilton, Henrietta Tscheinen, Leona Yakel, and others assisted. Prophetess Hazel Jones was croupier and Sister Sophie Moeller was official cashier.

Who Likes Doughnuts? Order Yours Now

Do you like doughnuts? You do! Well, hurry and place your order with any one of the twenty girl scouts of Troop No. 4. In case you aren't familiar with any of the girls, you can phone your order to Mrs. Lucille Lemon, scoutleader, RAndolph 7978.

This Saturday the girls will be calling from door to door selling sugared or plain doughnuts to last-minute buyers. For each dozen sold, the girls receive a percentage which will go toward paying for their girl scout badges.

LET'S DRESS IT with a FINE SAUCE

... for a sauce adds interest to a simple dish

says Dorothy Greig

Gale Page, beautiful star of the screen, whips together this quick, and most delicious Asparagus Sauce to serve over Waffles.

GRANNIE was a great hand at making sauces. Hers always came out smooth as cream and of lovely flavor. "Making a sauce is a real test of a cook," she would often say.

Well, maybe that was the case years ago. But nowadays we all can

make superlatively good sauces by following the simple new way and using condensed soups as the base. These, as they come from the can, are already skillfully seasoned by French chefs. They are thick, too, ... a perfect base for sauces.

For instance, here is a zesty sauce made this new way. Gale Page, famous Hollywood star, serves it over waffles for Sunday supper get-togethers:

Asparagus-Cheese-Bacon Sauce on Waffles

1 can condensed asparagus soup
1/4 cup milk
1 ounce cheese (sharp)
2 pieces grilled bacon (crisp)
Combine the asparagus soup with milk. Heat and then add cheese, stirring continuously until the cheese has melted. Add the bacon chopped fine. Serve over waffles.

Here's another idea for dressing up a simple everyday food. This sauce is for beef loaf:

Mock Turtle Sauce

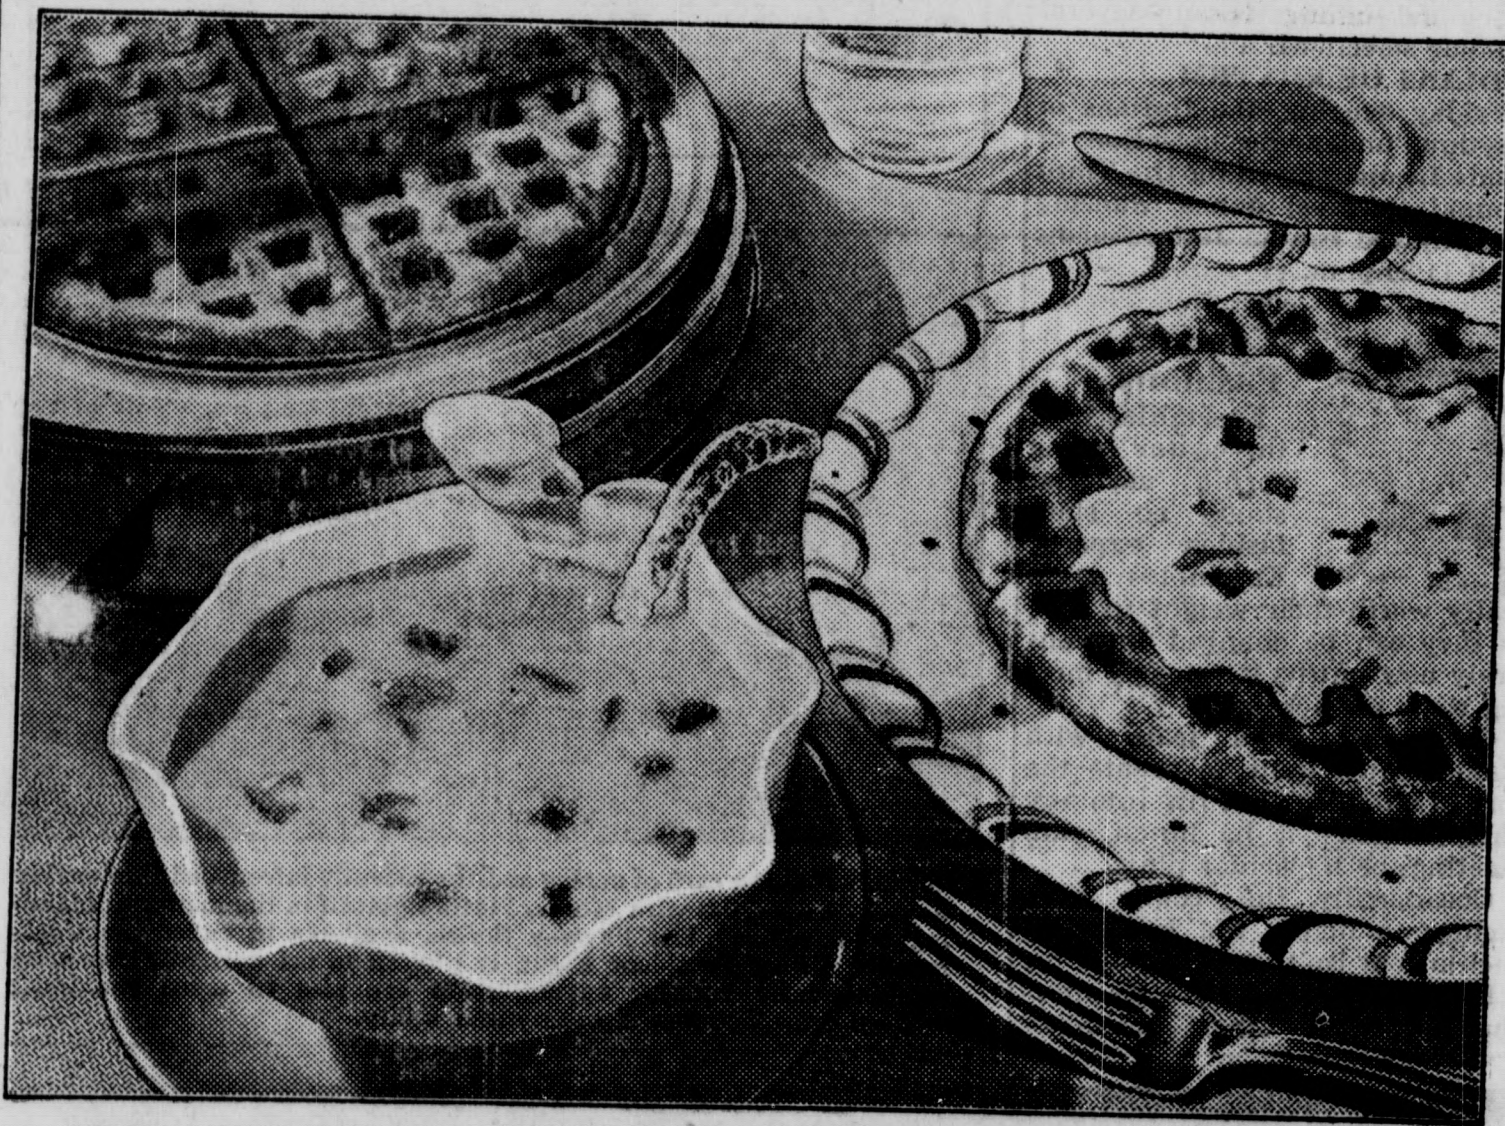

1 can of condensed mock turtle soup
6 tablespoons water
Heat and serve.

You couldn't ask for anything easier than that sauce to make—and it does wonders for meat loaf. For fish, this Creole Sauce is one of my favorites:

Creole Sauce

1 tablespoon butter
2 tablespoons onion (chopped fine)
2 tablespoons green pepper (chopped fine)
1 can condensed tomato soup
1/4 cup water

Cook the finely chopped green pepper and onion in the butter until soft. Then add the tomato soup and water, heat and simmer 3-4 minutes to blend the flavors. Makes approximately 1 1/2 cups of sauce.

Waffles glorified with Asparagus-Cheese-Bacon Sauce are suggested for Sunday night supper.

Pershing PTA Installs New Unit Officers

New officers of General Pershing P. T. A. were installed at an impressive ceremony yesterday afternoon at Pershing school. Mrs. Hilda Bruns, president of the seventeenth district C. C. P. T., was installing officer.

Among the many special guests at the program were Mrs. L. H. Bissett, district parliamentarian, Mrs. Fred Watts, unit sponsor, and the incoming presidents of Jefferson Union High School, Colma, Crocker, Woodrow Wilson and Bayshore P. T. A.'s.

Preceding the installation, the annual teachers' luncheon was held at noon. Mrs. Ann Eason and Mrs. Ilda C. Marquis were in charge.

General Pershing P. T. A. will not hold its regular first Tuesday of the month meeting in May. Installation was stepped up one week to prevent its conflicting with the State P. T. A. convention dates, May 6, 7 and 8. Delegate named to represent General Pershing P. T. A. at the state convention is Mrs. Mildred Rasor, incoming president.

Colma Community Center Holds Whist Today

This afternoon at 2 p. m. whist players of this area have been invited to attend the benefit whist sponsored by the Colma Community center. The party will be held at the hall of the organization, Dunks street near Washington.

Mrs. Pauline Brown, president, announces that admission price is nominal and that coffee and cake will be served the players. Many attractive prizes have been secured for the event.

CURRY'S WIN CROWN IN BOWLING LEAGUE

9:30 Champs Defeat 7:30 Team

Winning in a hectic and see-saw contest, Curry's Barbers defeated Welte's by three pins Friday night, for the Merchant's League championship crown.

Curry's had previously won the 9:30 division title. Welte's, of South San Francisco, was the winner in the 7:30 division. Daly City's boys had a total of 2533, and their opponents amassed 2530.

The first game went to Curry's, 881-807, the second to Welte's 845-752. This gave Welte's a lead of nine pins going into the final game. By knocking over a 900 to Welte's 878 Curry's finished three pins ahead.

The local men scored as follows:

CURRY'S BARBERS

G. Curry	180	168	171	519
Krehl	198	100	156	454
Pavlos	173	165	199	537
Pearlman	151	155	163	469
C. Curry	155	140	187	482
Handicap	24	24	24	72

Total 881 752 900—2533

Previously, Daly City talent had proved too much for the rest of the teams in Burlingame's Merchants league, 9:30 division.

Curry's Barbers, last Tuesday, nosed out Fisher's Boys for the 9:30 division championship by taking three from Milo's Butchers. Fisher's Boys dropped one to GallenKamps and thereby lost the title. They finished one game behind the leaders.

In winning Curry's Barbers has a record of 50 won and 34 lost. The locals put on a stretch drive and lost very few games during the last part of the season.

The only fly in the ointment for Curry's is that they had three record scores going into the last night of play and lost them all that night to Fisher's Boys.

They lost high game for one man, high series for one man, and high team series, all at one crack. In explaining their team's victory, the Curry brothers said, "The team was slow in starting but we won by coming out on top in 11 out of the last 12 games we played. All the men on our team are from Daly City."

In beating Milo's Market G. Curry, of the Barbers, had high series with 542. Vanderberg had high game—221. All the teams did well. Vanderberg had a series of 489, Pavlos 441, Pearlman 509, and C. Curry 521, for a total of 2542.

The scores of the three games were 895-721, 885-721, 762-736. Only in the last game was there any chance of an upset.

This three game loss finished Milo's Butchers in a three-way tie with Model Appliance and Cabin Garage for fifth place. T. Milo took scoring honors for his team with a 172 game and a 495 series. Other series scores were Smith 419, E. Milo 375, Pace 375, Thur 481, T. Milo 495.

Universal Press fought it out with Cabin Garage for last place and lost. Cabin Garage won two out of three. After losing two Universal Press rallied and won their last game of the season with a 795. High man was Garibaldi with a 196 game and a 539 series. Other scores were Bertitta 493, Dell 368, Benedetti 404, and Ratto 435.

Final standings of the 9:30 Division of Merchant's League were:

Badminton Trophy Presented By Biggs

A crowd of forty badminton enthusiasts were on hand at Jefferson Union high school gymnasium, Friday evening, when Albert Biggs, high school coach, presented trophies to the winners of the round robin tournament just concluded. Ray and Kay were the winners.

It was announced that the next round robin will start this Friday at 7:45 p. m.

"The last tournament was a great success," said "Curley" Stadelman, who is the Daly City WPA Recreation leader in charge of badminton activities. "We expect the next one to be even more popular."

Jeff Varsity Defeats Palo Alto

Jefferson Union high school's varsity nine travelled down the line to skin Palo Alto's ace team in a close victory, Friday afternoon. End of the seventh inning found the score standing 6-5 in favor of the local team.

The game was Jefferson's second in the league and proved a close race from start to finish. In the third inning Nava started pitching wild, walking three men and hitting one. Herb Poddig took over the plate and soon brought things under control. Toward the end of the game Poddig turned the mound back to Nava.

The sixth inning found Jefferson on the short end of a 5-2 score. However, with the help of Nava's three base hit, the score was brought up to the winning sixth count in the seventh inning.

Lineup for the varsity was as follows: Valente, third base; Huerta, catcher; Chreisten, left field; LeKoff, first base; Poddig, center field; Nava, pitcher; J. Razzari, second base; Rupert, right field; and Sharp, short stop.

FROSH-SOPH

Jefferson's little men were out-classed in the tussle with Sequoia, Friday afternoon on Sequoia's diamond. Bill Freeman made the only hit for Jefferson. Score stood at 8-4 at the end of playing time, in favor of their opponents.

Sequoia's pitching staff proved to be too strong for the local boys.

Lineup included the following players: Chreisten, Cavagnaro, Freeman, Tuvo, Wright, Dave, Peterson, Liebscher, and Fellows.

Our Lady Of Angels Wins Clash, 9 to 7

Our Lady of Angels defeated Mary of Perpetual Help 9-7 in a baseball game played last week in the Knights of Columbus league.

Our Lady of Angels won despite making six errors. Ed O'Malley lashed out three hits, including a home run.

Batteries for the two teams were: for Perpetual Help, De Metis and Valente; and for Our Lady of Angels, E. O'Malley and Franco. O'Malley struck out five and walked four.

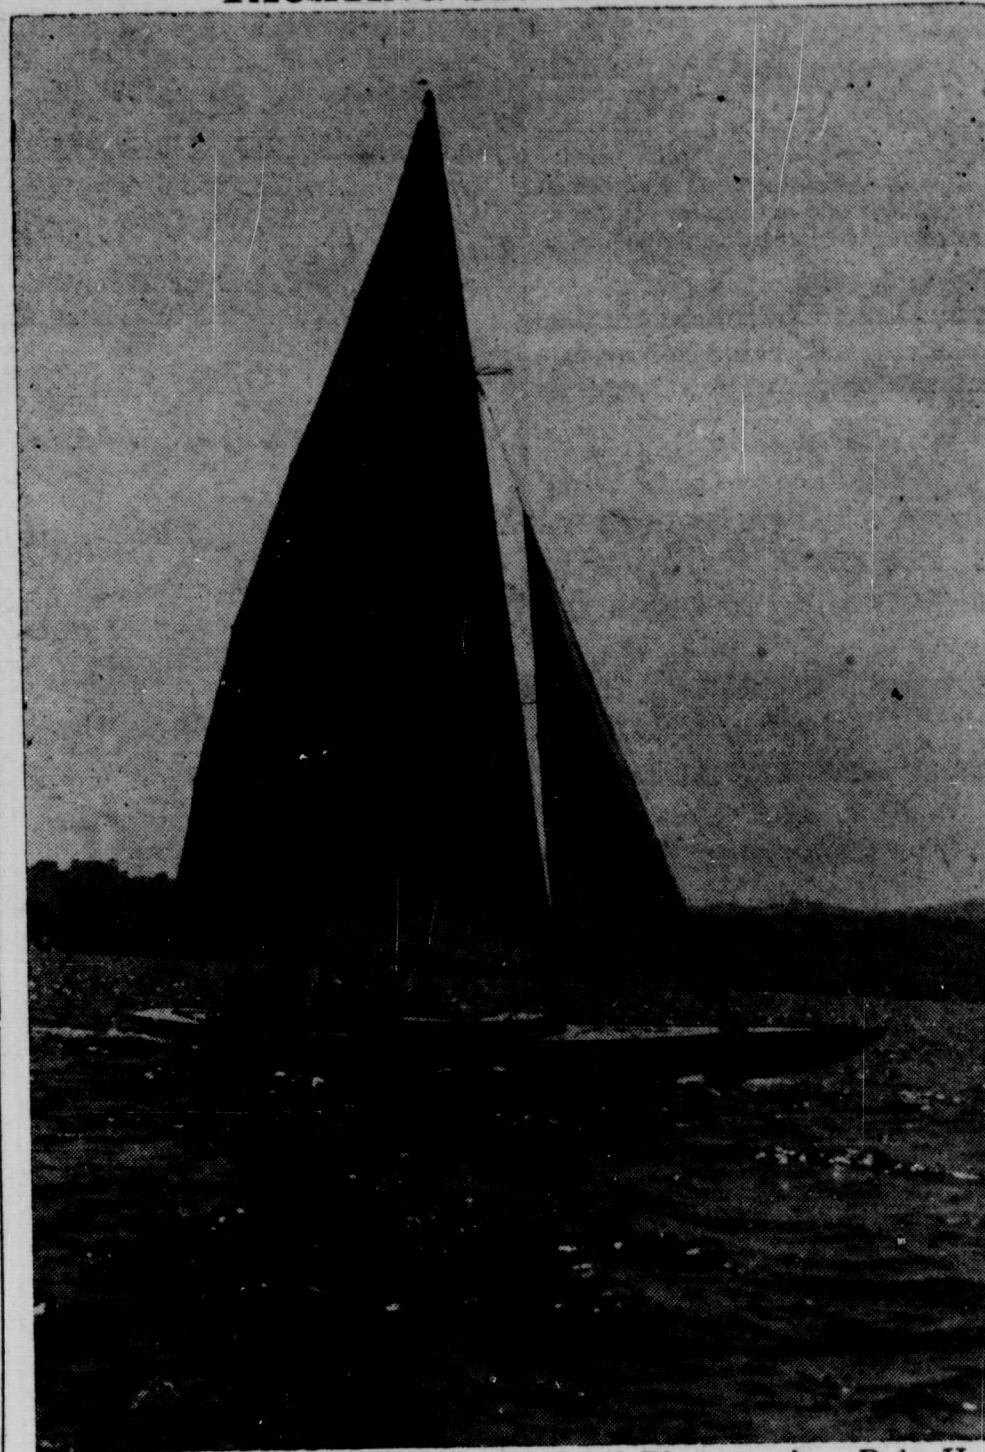

The League standings are:

	W	L	Pts.
St. Catharine's	2	0	4
St. Joseph's	2	0	4
Our Lady of Angels	2	0	4
Mary of Perpetual Help	0	3	0

Daly City and Colma were represented by two boats the "Ace" owned jointly by John Pitcher and Dr. Theodore Paoli, and the "Merry Bear" owned by Bert Lasswell when San Francisco's "Cannvas Clan" set forth in the bay, Sunday, for festivities in celebration of the opening of 1941 yachting season.

Daly City Record Photographer Dale Hovey was aboard the "Merry Bear" and from her deck got this beautiful broadside shot of the "Ace" with her sails full and her party happy.

The local boats stand high among the 300 that participated in Sunday's event. "Ace" was a 1939 season champion and "Merry Bear" has been champion in the Bear Class for the past two seasons.

Mr. and Mrs. Arthur Mueller, Gene Green, Evelyn Baller, and Dale Hovey were guests aboard Bert Lasswell's boat, Sunday. In the Dr. Paoli and John Pitcher party were Miss Anita Mooney, Mr. and Mrs. John Linderman, Mr. and Mrs. B. N. Berkhardt.

Jeff Tracksters Come In Second

Jefferson Union high school's tracksters placed second in both Thursday's and Friday's three-way meet in San Mateo's cinder bowl. The tri-way meet was held between Jefferson, San Mateo and South San Francisco high schools.

Thursday's meet was with the 20's and 30's teams. Scores added up as follows: San Mateo, 74; Jefferson, 22½; and South City, 6½, in the 120 class. Jefferson captured 22½ points to San Mateo's 83 and South City's 14½, in the 130 pound class.

Bucking a strong wind, Friday, and handicapped by the sandy grounds of the San Mateo track, Jefferson's unlimited times were average rather than exceptional. Only outstanding fete was in the shot-put, when Jack Faulk captured first place.

In the 110-pound division the boys came in as follows: 100 yard dash—Chelone first and Van Kirk third, time: 11.5; 50 yard dash—Chelone, first, time: 6.0; 440 relay—won by San Mateo; broad jump—Van Kirk, third, distance: 17 feet, 5½ inches; shot put—didn't place; high jump—Van Kirk third and Coen fourth, height: 4 feet 9 inches.

Unlimited division: 880—Steele, first, no time; 100 yard dash—McGrath second and Andriola fourth, time: 10.5; 120 yard high hurdles—Flatt, third, time: 17.1; 440—Peters second and Becker third, time: 55.3; 220—McGrath second and Andriola third, time: 23.1.

220 low hurdles—Flatt second and Steele third, time: 27.6; mile—Brisneo second, Fellows third and Peters fourth, time: 5:03.7; 880 relay—won by San Mateo; shot put—Faulk, first, distance: 43 feet; pole vault—didn't place; broad jump—didn't place; high jump—Flatt first, height: 5 feet 6 inches; discus—Sorg, third, distance: 109 feet.

PERPETUAL HELP BEATS WOODROW

A free hitting Perpetual Help grammar school baseball nine defeated Woodrow Wilson 11-6, Thursday afternoon, at Vista Grande park.

Klinger led the Perpetual Help attack, getting three hits and scoring four runs out of three times at bat. Perpetual Help started the game with a hitting spree, driving in three runs on four hits. In the third inning they put the game on ice with four more runs across the plate.

Woodrow Wilson connected for only three hits during the five innings of the game. Fair hit safely twice out of three times at bat.

Perpetual Help is coached by Father McKenna and Johnny Fitzgerald. The game was played under the supervision of the Daly City WPA Recreation department.

WE DON'T WANT ANY "DEAD-END KIDS"

Police Chief James G. Reardon and his staff of Daly City officers are to be congratulated on their apprehension of the pair of teen-age San Francisco youths who burglarized two local stores and attempted to break into a third.

They admitted that this was not the first of their offenses. Stopping of their activities is doubly valuable, in that they would almost certainly have effected more robberies in this area if not arrested, and that their "career" of youthful crime could not have been terminated in any other way.

Daly City does not want "dead-end kids" operating here. The police department is doing its part to prevent the growth of juvenile crime and to protect home and store owners.

My Week
by
Eleanor Roosevelt

Rural Electrification

I have been doing so many things the last few days, that I keep remembering happenings which I forgot to tell you.

One recent afternoon, in Washington, there was a meeting of the workers in the rural electrification program from all over the country. I had the pleasure of being with them for a few minutes and I mention it here because, from the beginning, this program has seemed to me to be of such general importance to the rural people of our nation.

Every time electricity is taken to some remote spot, it brings new opportunity to the farmer to lighten his labors. It allows him to accomplish more and, therefore, increases his buying power.

To the woman of the house it brings relief from back-breaking toil, a better standard in home life, more time to spend with the children, and less weariness at the end of the day. The men and women working in this program are fundamentally changing our life for the better.

'COVERING GROUND'

It seems as though I were covering a good deal of ground these days. One day I had the pleasure of meeting for a few minutes Mr. Darrell Brown, the young artist who won a prize offered by Mr. Isaac Liberman, president of Arnold Constable company, for painting a portrait of me in the dress I wore on Inauguration night. I thought I had never seen him and, since I am not particularly interested in portraits myself, I think I must have seemed a rather unsatisfactory subject. This, however, is a portrait of the dress. I was interested to learn that I had met Mr. Brown some years ago in Iowa, and was glad to be able to show him the Lincoln portrait in the State dining room, which he liked as much as we do.

We had a number of friends with us for lunch in the afternoon. I received Senora Najera, wife of the Mexican ambassador, and Senora Avila Camacho, whose husband is brother of the president of Mexico. After that, I received the high school senior class from Staatsburgh, N. Y. which is the village next to Hyde Park. They have been very fortunate in having such good weather and I am sure enjoyed their trip.

The crowds in Washington are great. I do not remember seeing so much traffic. I am particularly

glad that the cherry blossoms are out, so that no one who came hoping to see them will go away disappointed.

The White House has been filled to capacity with sight-seers during the visiting hours, and I am sure this is so with all the public buildings. Our own young people went out to Mt. Vernon one day and could not even get inside the house.

SPRINGTIME

Starting for a speaking engagement in Charlotte, N. C., we arrived in Greensboro, N. C., on time. A plane sent over by the Charlotte News Publishing company, which was sponsoring my lecture, was waiting on the field. The College for Women at Greensboro had sent a few representatives to greet me with a box of flowers, and the local radio man was also there with a microphone so I could say a few words of greeting before starting on the other plane for Charlotte.

All this was done very rapidly, and then we climbed into the smaller plane with a delightful young pilot and reporter from the News, who acted as one of our hostesses during the day. We were soon looking down on the fields and woods of North Carolina.

It seemed more like summer than spring. The flowers were all out and the dogwood was in full bloom. Somehow or other, this "little" trip to southern California and then to North Carolina, seems to have robbed me of that first feeling of spring creeping over the landscape.

There was no sign of spring the last time I was in Hyde Park and suddenly, when I was back in Washington, everything was out—magnolias, forsythias, daffodils; everything seemed in full bloom overnight! Perhaps, when I get back to Hyde Park in early May, I shall get that first sense of life awakening again in the trees, fields and marshes.

As we came through Virginia in the morning, one hillside seemed to me particularly beautiful. The leaves on the trees were pale green and a soft reddish brown. In between, some kind of white blossom glistened and the purple of the Judas tree was everywhere in sight.

CURRENT READING

In the past few days I have had so much time on planes and trains that I actually finished reading everything I took with me. I may have mentioned to you before "War By Revolution," by a young Englishman, Francis Williams, who has been in politics for a number of years. I was much interested in it because I feel that his contention is correct, that really to win the fight against Hitlerism, the people in all the countries under Hitler's control must want freedom and a better life brought by their own action.

John Charles Thomas To Appear Friday

John Charles Thomas, whose voice is one of the finest baritones of the operatic or concert stage today, will close the current concert season of the San Francisco Opera association, Friday evening, at the War Memorial Opera House. It was in light opera that Thomas first made a name for himself. Although success in this field meant greater financial reward Thomas did not hesitate in his choice of the more serious side of music.

"The monotony of singing the same music day after day was unbearable to me," he remarked. "I only stayed in musical comedy to make enough money to get out and do the thing that really interests me the most—concert singing."

Thomas has been heard frequently as guest artist with the Chicago and San Francisco Opera companies. For the past five seasons he has been a member of the Metropolitan Opera association.

Tickets for his concert are now on sale at Sherman Clay and company.

The Opera Association expects in the near future to announce its schedule of concert attractions for next season.

Miss Willer Bride Of Martin Zorich

Now on a honeymoon—whereabouts a secret—are the newlyweds, Mr. and Mrs. Martin J. Zorich. She was Miss Nan Agnes Willer, 9 Brumiss terrace, before the ceremony, which took place Monday evening at Our Lady of Perpetual Help church.

Reverend Father Thomas Phelan read the rites for the ceremony in which the bride was given in marriage by T. J. Foley, an old friend of the family. Her gown was styled in bridal satin, with leg o'mutton sleeves and a heart shaped neckline. A small train trailed behind the bride as she walked, and nestled in her curls was a veil of tulle. Her bride's bouquet was fashioned into a muff of red and white flowers with white streamers.

Attendants for the popular Daly City girl were also attired in red and white. Their white tulle gowns were fashioned in simple lines with tiny red bows at the neck line. Each girl wore a little white tulle hat with matching red bows. Old fashioned bouquets of red and white flowers were carried by Mrs. P. J. Foley, matron of honor, and the bridesmaids, Miss Patricia Foley and Miss Elizabeth Axen. Flower girl was little Betty Ann Hamilton.

The benedict's parents are Mr. and Mrs. B. Zorich of North Bend, Oregon. He was graduated from San Mateo junior college, and is now an employee of Bethlehem steel.

After the ceremony the bride's parents held open house for over two hundred guests. Mrs. Jeffie Butts, mother of the bride, greeted her guests in a well-tailored black chalk striped suit, and a matching off-the-face hat. On her left shoulder rested a beautiful corsage of huge white gardenias.

The newly-weds will make their home in Daly City upon their return.

Green's Your Color!

MOTORISTS—Red is not the only color in a traffic light that means stop. The amber light means stop, too.

The National Safety Council warns that too many drivers seem to think that the yellow light means, "Go ahead if you think you can make it." The only trouble is that a motorist coming from the intersecting street may have the same idea—and they meet in the middle.

Remember—the only color that means "All Clear" is green!

Horsemen Seek More Bridal Paths

A meeting of the San Mateo County Horsemen's association to thrash out the bridal path problem in northern San Mateo county drew approximately 200 persons to Colombo hall, last Tuesday evening.

The horsemen's organization is desirous of speeding up construction of riding trails in the northern part of this county so they may be connected to the trails already completed in San Francisco county, according to Ed Allen, local horseman.

Speaking in support of this plan were Supervisor J. Lynch and Supervisor Thomas Hickey, who stated that the need for adequate trails in this county was great, and action should be taken in the matter.

A committee was chosen from the horsemen's association whose business it is to cooperate with city and county officials to attain the desirable trails.

On the committee are Dr. Duhamel, El Camino club; Ed Allen, Sheriff's Posse; John Wimbley, Sheriff's Posse; Homer Hubbard, Mission Riding club; John Norton, Rancho El Camino; N. E. Neilson, Sheriff's Posse; Mrs. Billie Kinkelman, secretary of the San Francisco Horsemen's association, and Murry Norton, Mar Vista Stables.

Allen announced that a meeting of the association will be held in the near future, at which time the committee will report.

Chrysler Fluid Drive Grows In Popularity

Leading engineering authorities in the automotive industry predict that the new oil-drive method of propulsion may take its place in motor car history with the self-starter, four-wheel brakes, and the balloon tires introduced in past years. One motor car manufacturer—Chrysler—it has been estimated, will have produced a total of more than 300,000 such oil-propulsion units before the end of the current model year.

According to A. L. Timossi, Mission Auto company, Chrysler-Plymouth dealer here, the amazing growth in popularity of Chrysler's Fluid Drive unit is due to the fact that it greatly simplifies the operation of an automobile since it enables the motorist to drive his car 99 per cent of the time in high gear without touching either clutch or gear shift.

"Chrysler's Fluid Drive," stated Timossi, "is now in its third year of use. All over the country thousands upon thousands of motorists are enjoying an utterly new type of performance from their cars; a performance so effortless, so smooth, that it has brought an entirely different conception of motor car use and travel.

"The principle of Fluid Drive," continued Timossi, "was introduced to the automotive field by Chrysler in 1938."

Timossi pointed out that Fluid Drive had been responsible for the phenomenal increase of Chrysler sales during 1940, as compared with 1939. Chrysler led the balance of the industry with a sales increase of 56 per cent.

Ace Radio Commentator Speaks In S. F. Today

San Franciscans and those of the vicinity will have a chance to see and hear in person John B. Hughes, America's ace radio commentator. He is booked for two lectures at the Curran theatre, today. His subject will be "The Crisis—Who's Next?" The afternoon lecture will be at 3:15 p. m. and the night lecture at 8:30 p. m.

Hughes, long an authority on international affairs, has thrilled millions of radio listeners by his timely comments on world affairs. In selecting his subject for the forthcoming personal appearances, Hughes has done so in order to offer his hearers some very startling and exclusive information.

He is better informed on the causes and the possibilities of the present crisis in the Pacific than any other American commentator.

He is never spectacular for the sake of sensation, but facts he reveals are of utmost importance. Hughes is one lecturer that is in great demand, for he not only has a mass of important, "up to the minute" information at his disposal, but he is an excellent and forceful speaker.

Mountain Play To Be Staged In May

Rehearsals are again under way for the annual Mountain Play on Tamalpais.

Selected this year as the vehicle for the mountain drama is Percy Mackaye's story of Old China, entitled "A Thousand Years Ago."

The date is the traditional third Sunday in May and the event is the twenty-eighth in the long series of dramatic classics which have been produced in the lofty amphitheater above the clouds.

Actors in the Mountain Play must volunteer their services, yet, as usual, this season again will find the best talent of the Bay district cast in the leading roles.

Four Horsemen Give Performance

Four members of the San Mateo County Sheriff's Posse performed at the St. Francis riding academy, Saturday, riding mounts with silver saddles.

Riders were Milt Jones, Henry Collias, Ed Allen, and Andy Pino, each mounted on his own horse.

Future performance dates of the posse are July 17 to 21, when they will participate in the Salinas Rodeo, and May 17 and 18, the Hayward Rodeo. Invitation to the Reno Rodeo had been extended by Reno horsemen to the San Mateo group, but this could not be accepted due to the conflict with the dates of the Redwood City Rodeo—July 3-4-5, which the local group will attend.

New members of the Posse are H. H. Smith sr., and George Olmo. The organization has now about thirty members.

Father of Clippings

Youngsters See Handicraft Exhibit

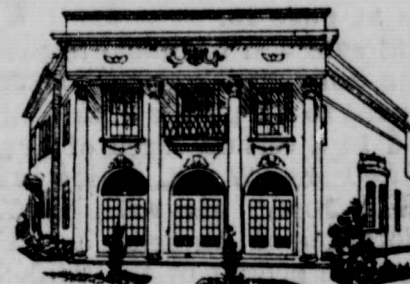

A group of small children, second and third graders, filed through the offices of the Daly City WPA Recreation department, Friday afternoon, viewing an exhibition of handicraft by Mrs. Lela Campbell, of the recreation department.

Most of the work was examples of sewing, but also on display were Mrs. Campbell's collection of "dolls of all nations," which interested the little children most of all.

The children were under the supervision of Mrs. Harriet Burns, teacher at Woodrow Wilson elementary school.

The pupils of Room 3 enjoyed a motion picture called "Woolen Yarn." The picture showed the shearing of the wool from the animals to the finishing of the cloth.

ROOM 5

Last Tuesday afternoon, Room 5 had a young visitor, Dan Wittorff, Red Bluff, California. Dan formerly attended General Pershing school and came to see his old schoolmates who are now in the high fifth and low sixth grades. Both Dan and the pupils were thrilled at the reunion.

Pike's Peak Railroad

Industrial progress has come to Pike's Peak, Colo., whose 14,110-foot summit has been attained by visitors for the last 50 years in passenger trains pushed by tiny steam locomotives on a cog-and-rack railway. To lessen the dead weight that has to be pushed up the peak, an aluminum alloy train with diesel engine power has been substituted.

Grammar School News

At Woodrow Wilson Elementary School

"Do you want to do something for National Defense?" This was the question asked by the students of Woodrow Wilson elementary school as they engaged in their patriotic campaign to collect magazines for the men in training at Camp Roberts.

Ten thousand men, in training, are going to have enjoyable evenings because young citizens of Woodrow Wilson have enthusiastically responded to the call of gathering reading material. The magazines were collected, organized, and grouped by the students.

ROOM 2

Because of an exciting trip, which Yvonne Hulme made during Easter vacation, Room 12 has an interesting exhibit. Yvonne's trip extended through Death Valley, Boulder Dam and up the Colorado River into Arizona. She brought back many postcards, specimens of ore, and some of the salt found in Death Valley.

ROOM 14

Last week, the students of Room 14 studied about natural science. To help them fully understand the growth and development of frogs, a bowl of pollywogs has been placed in the room. Little Donald Evans has assumed full responsibility for their care.

Displays of actual classroom work, centered around the room unit, form the theme for Public School Week, April 27-May 2. The daily work of students grouped together as a unit display, portrays for the parents and friends of education a panoramic cycle of widespread fields in educational curriculum today, as compared with the three R's of yesteryear, according to the teachers.

KINDERGARTEN

This week the boys and girls in Jefferson kindergarten are working on their Maypole dance. Some children are making streamers for the Maypole, while others work on hats to be worn during the dance.

Most of the children learn the simple folk dances very quickly and gain a great deal of pleasure from the activity. "From a more practical viewpoint, the children develop muscle coordination; they learn to listen and carry out directions, and some develop a certain amount of poise and social grace that is fascinating to watch in such young children," stated their teacher.

The children have a special reason for learning the dance, as it is to be presented in the near future before a meeting of the Parent-Teachers-association.

LIBRARY

The library bulletin board has a showing of some timely and attractive posters made by the students of the upper grades.

The posters deal entirely with the care and use of books and libraries. Appropriate slogans have been effectively illustrated. A few of them are: "We Must Be Quiet," "I Wasn't Taken Care Of," "My Hands Are Clean, Are Yours?"

Second and Third Grade

"The circus is coming to town!" No other words bring as much joy to youngsters. Because the topic is one always enjoyed by children, the second and low third grades have chosen "The Circus" as their next social studies unit.

The walls and bulletin boards have been decorated with circus pictures, some of them drawn by members of the class. The various animals, which are seen in the circus, will be studied and discussed in class. The information gathered at these discussions will be combined into colorful illustrated books.

A trip to the zoo, which will enable the children to actually see the animals about which they are studying is eagerly anticipated.

SIXTH GRADE

At the beginning of the social science period, Cecelia Accinelli surprised her classmates by producing a scrap book dealing with the subject of Greece.

The scrapbook contained beautiful pictures of Ancient and Modern Greece, and clippings from various sources giving interesting information about the country.

Helen Sarantitis, whose parents were born in Greece, added a personal touch to the day's program by describing the pictures with which she was familiar.

SEVENTH GRADE

Recently students of the seventh grade held a vocabulary bee. This is like a spelling bee with the exception that the definition as well as the spelling of each word must be known. Peter Ramer was the lucky winner.

"Read Books" is the seventh grade's slogan. An attractive bulletin board, composed of balloons and strings, was made by the pupils to help illustrate their reading. The setting of each story read is located on the map by means of the string and on the balloons are the book names.

Hubert McDaniel, one of the champion storytellers, gave a report on "Uncle Tom's Cabin." He held the class spellbound, especially when he introduced the characters Uncle Tom, Topsy and Eva.

Pictured above are the trophies offered by the Daly City Record to the winners of the Bowling Tournament now in full swing at the local alleys. In three weeks one of the ten teams entered will gain possession of the large trophy, top center, by having the best won-and-lost average. At present Jew Town is leading, but any one of several other teams has a chance at the prize.

The figure to the left will go to the woman with high series for the tournament. The one on the right will be won by the man with high series. The figure in the foreground is destined for the individual who has bowled the best single game during the tournament. Runners-up for high series honors, both men and women, and for high single game, will receive the medals, and a badge will be given to each member of the winning team. Every bowler entering the tournament will be given a miniature bowling pin, like those to the right.

It is reported by Mrs. Isabelle Flynn of the local draft board that Daly City will send no one in the next draft call.

Questionnaires are not now being sent out, but this practice will be resumed about the middle of this month. It is a rule that each draft board should have 50 IA draftees ready to send at any time.

A ninth call, primarily a replacement call, will be made May 19, 20, and 21. It was announced that a total of 27,199 men have been accepted so far, out of a state quota of 38,017.

The local draft board will meet, May 7, to interview applicants and to review doctors reports.
